

WALLOON LAKE INN

## Customer Success Story

### Walloon Lake Inn Keeps the Kitchen Churning with Orderly

When it comes to keeping locally sourced food on the plate, few people are as dedicated as Randy Hopkins.

#### The Problem

Randy is the proud Chef at Walloon Lake Inn, where almost every single ingredient he uses comes from Michigan, the state the restaurant calls home. Everything in Randy's kitchen is grown by hand and made by hand – and he needed a service that allows him to focus on his craft, not his stack of invoices.

#### Why Orderly?

Orderly gets you the accurate numbers you need without the hassles – you know, the ingredient lists, price updates, and tedious counting – and that's exactly what Randy was looking for. He didn't want to keep spending hours every month with his head in a spreadsheet trying to calculate food costs and inventory. Now, with Orderly, he just has to snap photos of his invoices and they're uploaded right into the system, logging the costs on all of his purchases.

#### How Orderly Helped

Beyond tracking his food costs, Orderly has helped Randy save money by giving him power when he meets with suppliers. Recently, he had a new supplier rep come in trying to get him to switch his paper towel order.

The new supplier was offering \$32 a case, but thanks to Orderly, Randy knew he was already only paying \$27. So what was the final price he was able to negotiate? \$25 a case.

**“With Orderly, I could tell him exactly what I was paying. I just got it right from the app.”**

#### A+ Support

Randy also found Orderly's support team to be particularly helpful. On one crazy Saturday evening, he was having trouble. He fired off an email to one of Orderly's team members, Nancy, who was able to provide him with immediate, late-night help.

#### How Orderly Works

Orderly is easy to use and makes it easy to save money. No longer do you have to manage invoices by hand or get bogged down in spreadsheets. **You can get your food costs and understand your profitability while skipping inventory altogether.**

Let Orderly take care of the busy work so you can focus on what matters most: Your restaurant.
